

Subject: 6th Grade Science

Teacher: Ms. Jill Martinez

Email: jillmartinez@ccs.k12.nc.us, please sign up for 6th Grade text messages on Remind, text: @msjensenm to 81010.

Room #: 162

Team Planning: 1:55-2:40, Planning: 2:45-3:30

Text: Class information will be posted on my Weebly website, tests and quizzes, practice or final, will be done on Google Classroom.

Description: Science is a required course for all sixth grade students, in which students will be exposed to a variety of life, physical, and earth science skills and information.

My science class will be a flipped classroom this year. The students will be working at their own pace at different stations each day. This will give me the time to work with students who may need extra one on one assistance. They will have online, hands on, and offline work to complete in a three week period. At the end of the three weeks they will be ready to take each Unit's Final Exam and Vocabulary quiz.

Course Outline:

Science Safety, Metric measurements, and Scientific Inquiry

6. E.1 Earth/Moon/Sun System in the Universe

6. E.1 Earth/Moon/Sun System and Motions of Celestial bodies in the Universe

6.P.2 Matter

6.P.1 Wave Energy

6.P.3 Energy transfer and interactions of matter and energy

6.L.1 Plant Systems

6.L. 2 Flow of Energy through Ecosystems

6.E.2 Human Stewardship towards Earth

REVIEW FOR NCFE

*Work for each quarter will be assessed through classwork, homework, quizzes, tests, projects, and labs.

Grade breakdown

Classwork/Homework-35%

Supply List

Expandable portfolio

Quizzes-15%

Tests-20%

Labs/projects-30%

Grading Scale

100-90=A ✓ ++ =95

89-80=B ✓ + =85

79-70=C ✓ =75

69-60=D ✓ - =65

Below 60=F ✓ -- =60

Computer tablet

Earbuds/headphones

2 Composition notebooks(no spirals)

pencils(no pens)

cleaning wipes

hand soap

paper towels

old newspapers

kleenex

Projects are very important and need to be completed and turned in on time. Each project's instructions will be posted on my Weebly website for parents and students.

Depending on the grades I have available, I **maybe** able to drop the lowest quiz, classwork, and/or homework.

Remediation/tutoring will be held on Wednesdays, during 7th or 8th period.

Students will be allowed only one redo and resubmit of assignments that have grades lower than 80%, if the redos and resubmits become a crutch, then the students will not be able to redo and resubmits anything but tests and quizzes. **There are no redos and resubmits for projects**, tests and quizzes will be retaken only once.

There will be no redos and resubmits the last week of each of the nine week grading periods. All redos and resubmits must be turned in a week before the end of each nine week grading period.

We will be following the above course time frame as closely as possible.

Let's have a terrific year in Science.
